No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule there is more or less stomach disturbance.

GROVE'S TASTELESS CHILL TONIC given regularly

for two or three weeks will enrich the blood, improve the digestion, and act as a general strengthening tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take 9c per bottle.
